EDUCATION

Study Program
University Of Benin

07/2016 – Present   *Benin City,Nigeria.*

Courses
- Computer Science

Student
Pytorch/Udacity

10/2018 – 01/2019

Courses
- Introduction to Pytorch

Student
AWS

02/2018 – 03/2019

Courses
- Machine Learning Scientist

WORK EXPERIENCE

Data Science/Machine Learning Trainer
Coven lab

01/2019 – Present   *Nigeria*

Achievements/Tasks
- Train New Data Science Enthusiates
- Provide Assistance to Any Student Facing Challenges

Contact: Mr Dunsin – 07064838833

SKILLS

Pytorch | Proficiency in Python | Data Studio

MySql | Proficient in C

Applying Machine Learning Algorithms

Buiding Neural Networks

Experience with Computer Vision | Familiar with Linux

Seaborn | Numpy | Pandas | Matplotlib

Problem Solver | Critical Thinker | Team Player

BigQuery | SuperQuery | Github | tensorflow

Experience With Developing REST-ful API | Django

Flask | OpenCv

PERSONAL PROJECTS

Land Containing Palm Oil detection ⎘

Loan Dafault detector ⎘

LANGUAGES

English
Full Professional Proficiency

INTERESTS

Reading | Singing | Programming | Mathematics
